## 2024 JOAWC Application and ATC Tryouts

### JO AWC Jump Height Categories

The jump heights at Tryouts will be the same as those outlined within the FCI Agility Regulations. Four categories exist for FCI international competitions:

Jump Height Category	Dog Measurement	Tryouts Jump Height	FCI Heights
Small	Dogs measuring less than 35 cm (13 3/4") at the withers.	12"	30 cm
Medium	Dogs measuring 35 cm (13 3/4") or more and less than 43 cm (16 7/8") at the withers.	16"	40 cm
Intermediate	Dogs measuring 43 cm (16 7/8") or more and less than 48 cm (18 7/8") at the withers.	20"	50 cm
Large	Dogs measuring 48 cm (18 7/8") or more at the withers.	24"	60 cm

**All Candidate dogs must compete in the height category they measure into at Tryouts.** Candidate dogs measuring over the original jump height applied for, can run at the jump height the Tryouts Judge measures them into. Alternatively, these dogs have the option of running For Exhibition Only (FEO) at the original jump height they selected at Tryouts.

**Important:** If an applicant's dog measures out of the height category they were originally entered into for the JOAWC, this dog will **not be allowed to run at all at the JOAWC**. It is imperative the dog is measured and entered the correct category based on the height cut-offs provided in the table above.

Due to stricter measuring procedures at FCI Competition Events (EO, JOAWC, SOAWC, AWC, Small, Medium, and Intermediate dogs within 1" of the cut-off should be prepared to be:

- Measured multiple times at Tryouts.
- Measured by two measuring judges of record at the JOAWC event.

All dogs competing at Tryouts will be measured by the FCI judge present or others as named by the ATC Team Leader. Small, Medium, and Intermediate dogs who have an official FCI measurement from the European Open or Agility World Championships from prior years, or those dogs in the Large Category who attended Tryouts in 2023, do not need to be measured at Tryouts.

**JOAWC ATC applicants who are not attending Tryouts,** must submit a **Height Measurement Certification Form** by April 5, 2024. Applicant's whose dogs are attending Tryouts *do not need to submit this form*.

### Tryouts Overview

#### Format

The event will be run over 3 days and include 5 Rounds total. Candidates and their dog(s) will run every Round.

The 5 rounds are as follows:

#### FEO Runs

FEO run scores will be available; but will not be included in the competition scoring. If the event fills (the maximum number of runs that can be judged is reached), then preference for Tryouts entry spots will be given to Candidates applying for ATC.
