

Registering a Border Collie With the Canadian Kennel Club

In the following document you will find the following:

1. A flow chart that covers most situations regarding the registration of a border collie in Canada with the Canadian Kennel Club.
2. The .pdf of the Application for Miscellaneous Certification of a Canadian born border collie. Note: This application form is not posted on the CKC website because the border collie is not a recognized breed by the CKC so we have included it here. It can also be accessed through Membership Services of the CKC.
3. Links (on the flow chart) for application forms for dogs imported to Canada
4. A link (on the flow chart) for application for a Performance Event Number if your dog is not eligible for a Miscellaneous Certification.
5. A pdf detailing acceptable microchip protocols.

Registering a Border Collie with CKC

1. Find the Miscellaneous Certificate and instructions for completion on following pages.
